1. Why did you decide to hire a DJ for your event?

I wanted more intermingling with my guests that's why I wanted music as opposed to comedy or the such.

2. Please list the three biggest concerns you had BEFORE we actually entertained at your event. (Please describe these concerns in detail – What were you really worried about regarding our service?)

Whether people would mix and socialize and dance.
How the videos would work.
If the party would be a success.

3. Please list the top three things you liked about what we did at your event. (For example, how we got everyone dancing and having fun. Be as enthusiastic as you want!)

MARK gauges the group and worked the music to the mood and the people.
MARK got everyone dancing and moving.
MARK was flexible and extended the event because everyone was having such a good time.

4. If you were to tell someone who was thinking about hiring us for an event like the one you had, what would you say to him or her?

I would strongly recommend 2 way entertainment.
The music was great, the pictures they took were awesome and the people loved the videos.
