THANK YOU

Dear Mark,

Although this note is extremely belated it is no less full of our most sincerest thanks and appreciation for all your unending efforts in making our friend Denise's birthday "the celebration of a lifetime" - Because of your attention to detail, the magic of 2 WAY Entertainment created an amazing atmosphere for all our guests, even the 85 year old guests danced all night - You made an "ordinary birthday

party into an extraordinary evening that the guests continue to talk about.

Your friendly and approachable manner along with your extensive knowledge of music certainly gave all of us a "most treasured memory".

Thank you from the bottom of our hearts. We can't wait to hire 2 Way Entertainment again.
Please let's do lunch.

Sincerely, Elizabeth Long

Client Feedback Form

There is no doubt Mark makes his customers calm and happy!

1. Why did you decide to hire a DJ for your event?

We wanted a lively atmosphere for a both birthday where all the guests would dance and mingle. The ages of the guests were 25-85 years old and we needed a D.J. who could make this group comfortable enough to dance and get to know one another -

2. Please list the three biggest concerns you had BEFORE we actually entertained at your event. (Please describe these concerns in detail - What were you really worried about regarding our service?)

As Mark began to know I was concerned that guests would sit and not partake of the dance floor as many of the guests only knew the guest of honor not each other. I was concerned that the D.J. would be too loud and overtake the party but every minute of music that evening was absolutely magic. Mark made the party the success that it became -

3. Please list the top three things you liked about what we did at your event. (For example, how we got everyone dancing and having fun. Be as enthusiastic as you want!)

2 way Entertainment has the largest selection of music to choose from / old, new and hip hop - Mark's choose of music and his timing made everyone dance all night. Just when you thought you might want to sit down, another song comes on and you are up on the dance floor. The video system showing us all dancing was so fun. Being able to do a digital display of our photos really rounded out the perfect evening

4. If you were to tell someone who was thinking about hiring us for an event like the one you had, what would you say to him or her?

First of all, Mark is a true professional and treats his clients with great respect and listens well to their "event" concerns. He is attuned to the client needs right down to his "dress code" requirements. He is the real force behind a successful party but at the same time he stays in the background allowing the guest of honor and the music to be the real focus of the event. 2 WAY Entertainment is the best. Can't wait to plan another event and have Mark create his magic

5. May we use your comments for promotional purposes?
