1. Why did you decide to hire a DJ for your event?

My wife and I are big music fans and we wanted to be able to share our night with everyone through music. We also wanted someone with experience that would work with us to play what type of music describes our lives and that of our friends and family.

2. Please list the three biggest concerns you had BEFORE we actually entertained at your event. (Please describe these concerns in detail – What were you really worried about regarding our service?)

1) Before we met with you we were worried about songs we didn't like being played. Songs we feel are corny. 2) We were worried about being able to blend music for us, the older relatives and the young. 3) We were worried the DJ would talk too much.

3. Please list the top three things you liked about what we did at your event. (For example, how we got everyone dancing and having fun. Be as enthusiastic as you want!)

1. We loved how you worked with us to play what we wanted.
2. The timeline and song timeline was perfect. We could not have asked for more. Our family and friends loved the blend of music.
3. The collage of pictures you ran for us was awesome and much appreciated.

4. If you were to tell someone who was thinking about hiring us for an event like the one you had, what would you say to him or her?

We would tell them that DJ Jay Entertainment was the best DJ team we could have ever picked. They catered to us and our needs. They were also very professional and did the best job DJing I've ever seen. It made our wedding day all that much more perfect.

5. May we use your comments for promotional purposes?

Thanks for your help!

Thank you! Thank you! Thank you!
You do amazing work! You
are so easy to work with,
you're a ton of fun, and
have great insight of how to
work a room. We very much
loved working with you for
our wedding and would do
it all the same 100 times
again. The slideshow and pictures
you took were amazing!!!
Thank you doesn't do justice,
but we will highly recommend
you to friends and hope to
work with you again!
